"Intimate Partner Sexual Violence (IPSV) is both Sexual and Domestic Violence, it exists in the overlap of the two issues. Yet, appears to fall between the gap." (Di Macleod in *Intimate Partner Sexual Violence: A Multidisciplinary Guide* 2014; Chapter 9 p112)

Understanding, recognising and responding to IPSV needs to be integrated into the work of these sectors. This half day workshop will focus on the practices and skills required for working with the issue of IPSV.

Louise McOrmond-Plummer is the co-author with Dr. Patricia Easteal of the works Real Rape Real Pain: Help for Women Sexually Assaulted by Male Partners (Hybrid Publishers 2006) and the co-editor with Dr. Easteal and Jennifer Y.
